

Welcome

Thank you for choosing Therapeutic Pathways! We are looking forward to working with you and your child or person served. The role of caregivers is very important in achieving meaningful results. Our treatment plans include the caregivers at all levels, forming partnerships with parents and caregivers to help ensure that your child or person served's progress is maximized and that their full potential is realized.

THIS WILL BE A SIGNIFICANT COMMITMENT.

Below is your weekly scheduling calendar, customized for your child or person served's specific treatment goals. While we understand you may have scheduling preferences, extracurricular activities, or other therapies, our first priority is to create a schedule that optimizes prescribed/recommended hours for treatment goals.

Consistency in therapy, including being on time for all sessions, is critical to helping your child or person served achieve their treatment goals.

 **Contact information for canceling or rescheduling sessions:**
