

Welcome

Thank you for choosing Therapeutic Pathways! We are looking forward to working with you and your child. The role of the family is very important in achieving meaningful results. Our treatment plans include the family at all levels, forming partnerships with parents and caregivers to help ensure that your child's progress is maximized and that his/her full potential is realized.

THIS WILL BE A SIGNIFICANT COMMITMENT.

Below is your weekly scheduling calendar, customized for your child and your family's specific treatment goals. While we understand you may have scheduling preferences, extracurricular activities, or other therapies, our first priority is to create a schedule that optimizes prescribed/recommended hours for treatment goals.

Consistency in therapy, including being on time for all sessions, is critical to helping your child achieve his/her treatment goals.

Contact information for canceling or rescheduling sessions:

PHONE

EMAIL

If you build up to a full schedule within the first month of treatment, an updated calendar will be provided.

Delays or cancellations may impact your child's learning potential. However, we understand that situations may arise when a session needs to be rescheduled. Please refer to our Therapy Cancellation Policy for process and contact information.
